RANCES CUIZON

Cavite, Calabarzon, Philippines | rancescuizon@gmail.com | racecznsite.vercel.app

SUMMARY

Motivated Computer Science student with experience in web and mobile app development. Skilled in front-end and full-stack development, UI/UX design, and problem-solving. Ready to apply my skills to contribute to innovative projects and impactful solutions

EXPERIENCE

Online Academic Assistant   2020-2022

- Provided academic assistance to students by answering activities and solving problems across multiple subjects via social media platforms.
- Created PowerPoint presentations, Posters, and Reviewers *(transes)* based on client requests.

PROJECTS

Mobile App for Inventory Management, Gochisou Bimi   **github repository**

Project Manager, Front-End Developer.

- Collaborated with group members on this project for Advanced Database Management, where I led the team as the project manager.
- Designed and developed for Gochisou Bimi to easily manage and track inventory.
- Dart, Flutter, C++, Javascript, Node.js, MongoDB

Enrollment System - DCS, CvSU - Bacoor Campus   **github repository**

Project Manager, Full-Stack Developer.

- Collaborated with a team to develop a web-based enrollment system for the Department of Computer Studies at Cavite State University - Bacoor Campus.
- Built to streamline the enrollment process by replacing manual workflows and Excel-based tracking with a secure digital platform.
- Laravel, PHP, MySQL, JavaScript, TailwindCSS

Anime Hunt, API Anime Exploration   **github repository**

Full-Stack Developer.

- Built and deployed an anime exploration web application that fetches data from the Jikan API, featuring smooth animations and a responsive design for optimal user experience.
- Next.js, React, Tailwind CSS, Framer Motion

For more projects, please visit my web portfolio
